# About Us

The Association of Jewish Educators (AJE) is an organization that promotes public education in the Jewish community. We proudly represent all Jewish employees in the Los Angeles Unified School District. We welcome all educators, administrators, and interested LAUSD retiree members to join our organization.

AJE's focus is on protecting Jewish issues in District Policies that involve the separation of church and state, sensitivity to religious observances, and the adoption of appropriate instructional materials.

The Association of Jewish Educators is committed to supporting the professional and educational growth and well-being of Jewish educators, administrators, students, and their families in the Los Angeles Unified School District and the greater community.

**AJE is a proud member of the Multi-Cultural Coalition to award scholarships to students of many ethnic and cultural backgrounds and to promote cultural awareness and human relations.**

## Membership and Donation Options

**Members of AJE support the Jewish community of Los Angeles, and public education in LAUSD, and help forge the connection between them both. Your paid membership provides scholarships for LAUSD's college-bound seniors, career mentorship, and networking opportunities.**
